Dear Clubs

Football Queensland has confirmed the mandated competition match ball allocations for the 2024 season.

Mitre will continue as FQ's official ball partner and preferred ball supplier to the Queensland football community as part of the three-year partnership that commenced this year.

In line with Mitre's commitment to product quality, additional improvements and enhancements have been made to the 2024 range of balls at no additional cost to clubs, delivering benefits to clubs and participants at each level of the game.

The 2024 match ball allocations ensure parity within each competition and consistency from the NPL Queensland to community competitions throughout the state.

Competition match ball allocations for the 2024 season are listed below – please note, teams participating in community competitions can use any Mitre ball of the Calcio Max standard or higher, allowing clubs additional flexibility.
