

MEMO 07 - 24

To: Far North & Gulf Clubs
From: Football Queensland
Subject: Endeavour Park Gate Fees
Date: February 9, 2024

Dear Clubs

In line with other facilities in the Northern Conference, Football Queensland will implement a gate fee for all club members and spectators attending matches at Endeavour Park for the 2024 season.

The gate fee will offset some of the operating costs associated with the day-to-day running and management of Endeavour Park and deliver an improved football experience by contributing to the funding of future facility upgrades that form part of the new [FQ Endeavour Park master plan](#).

Football Queensland has already delivered a number of upgrades to the facility, investing more than \$230,000 into the Endeavour Park development in 2023, and this investment will continue to grow as the master plan gets underway in 2024, delivering significant benefits to the Far North football community.

[Read further details of the master plan upgrades and how the gate fee will be invested here.](#)

Registered club volunteers and children aged under 16 are entitled to free season passes and entry, with spectators and club members able to obtain a season pass, providing access to all club matches played across the 2024 season including finals, for \$80.00 [from the Squadi platform](#).

Alternatively, the option of a one-off \$5.00 gate fee for adult spectators (\$4 concessions) will be available to be purchased [online via Squadi](#) or upon entry per round of fixtures. Football Queensland has allocated ten complimentary senior season passes to each club, waiving the season pass fee for eligible members facing hardship or platform accessibility issues.

Football Queensland requires the help of all clubs, before the start of the 2024 season, in communicating the gate fee and season pass information to their club members.

For further enquiries, please contact the FQ team via fqfngadmin@footballqueensland.com.au
