

MEMO 21 - 24

To: Queensland Clubs
From: Football Queensland
Subject: 2025 Governing Body Registration Fees
Date: September 13, 2024

Dear Clubs

Football Queensland has confirmed that governing body fees for MiniRoos, Juniors and Seniors will remain **unchanged** for the 2025 season, leaving Queensland with Australia's lowest registration fees.

Football Queensland has not increased its governing body fees since 2020, with 2025 marking five years of no increases to governing body fees, with the exception of the 2022 season which saw registration fees fall by up to 30% across the state.

Football Queensland continues to undertake very difficult and significant reforms to its operational design, execution and statewide governance structures and is transforming how we operate and deliver football, to ensure the sport is well placed to handle the game's evolving needs well into the future.

Coupled with prudent financial management, these reforms continue placing significant downward pressure on football's volatile cost environment, which is heavily impacted by cost escalation and high inflationary exposure, to deliver stable registration benefits to participants across the state.

| 2025 Governing Body Registration Fees* (Inc. GST) | |
|--|-------|
| MiniRoos | \$50 |
| Juniors | \$66 |
| Seniors | \$130 |

**Advanced Participation licence fees, team fees (from MiniRoos to Senior community), regional venue fees, masters and other program fees will be confirmed shortly.*

Football Australia's National Registration Fee is yet to be confirmed for 2025.

End.
