

# 2024 FUTSAL STATE TITLES FINALS STRUCTURE

## 1. Scope

For the purposes of clarity, the following terms are being defined:

**Placing** is the final placing that a team is determined to have finished in the overall competition (at the completion of the Finals Series) and is used for allocating Championship Points.

**Ranking** is based on where a team finished on their respective tables during the regular season. Ranking is used to determine Play Offs which will determine final Placings for the purpose of allocating Championship Points.

**Ranking Method** is the system that is used to determine the ranking of a team. In a single table competition, the ranking is based on where that team finished on the table. This is determined by Points, Goal Difference, Goals For, Goals Against, Head-to-Head and lastly a Coin Toss.

Where there are multiple Pools, the following Ranking Method will be applied based on each team's respective placing in their Pool Table (i.e., this is used to determine ranking for 1st place, 2nd place, 3rd place etc in each Pool) and applying:

- Average points per game.
- Average goals scored per game.
- Average goals conceded per game.
- Toss of a coin.

### 1.1. U12 Boys

The top team from each of the three (3) pools at the conclusion of the regular season will progress to the Finals Series. The Ranking Method will be used to determine the team that gets the last spot in the Final Series.
