Dear Clubs

Football Queensland has today released the [2026 Kappa Queensland Cup Rules of Competition](#), following a review and consultation process with participating clubs throughout 2025.

The early release of this document provides clubs with as much notice as possible ahead of the expanded competition structure set to commence in the 2026 season and marks a key milestone in FQ's planning for the year ahead.

Informed by feedback and input from clubs, the 2026 Kappa Queensland Cup Rules of Competition have been finalised to further streamline operations and ensure consistency across the competition.

Football Queensland is also currently in the process of finalising the 2026 Statewide Rules of Competition, which will be released in the coming weeks.
