

MEMO 44 - 25

To: Queensland Clubs
From: Football Queensland
Subject: 2026 Notice of Offer and Competition Access Update
Date: October 31, 2025

Dear Clubs

Following the release of Football Australia's [PlayFootball registration season dates](#), Football Queensland would like to clarify the implementation timeline outlined in FQ Memo 31-25 regarding competition access and bulk invitation of players to teams in Squadi.

In FQ Memo 31-25, clubs were advised that bulk player movement and player invitations could commence on **1 November**. Please note that this function will now be made active on **1 January 2026**, to align with the national registration system PlayFootball opening dates (excluding NPL Men & Women, and FQPL 1 Men, which will occur on the dates outlined in the table below).

2026 Squadi Competition Access Opening Dates

Competition	Open Date
NPL Women (Professional and amateur players, including U23)	1 December 2025
NPL & FQPL 1 Men (amateur players, including U23)	1 December 2025
NPL & FQPL 1 Men (Professional Players)	14 January 2026
All other competitions not listed above	1 January 2026

This alignment ensures consistency across platforms and allows sufficient time to provide a smoother end-to-end experience for clubs and players.

It is important that clubs continue to use the 'Notice of Offer' function within the Squadi dashboard to invite players back and build teams in advance of the 2026 season.

We encourage all clubs to prepare to move players into their FQ competitions in line with national registration system opening dates outlined above.

For any further enquiries, clubs should contact Football Queensland via playfootballqld@footballqueensland.com.au

End.
