

MEMO 05 - 26

To: NPL Queensland and FQPL Clubs
From: Football Queensland
Subject: FQPL Structure Review & Feedback Opportunity
Date: March 26, 2026

Dear Clubs

Football Queensland is currently reviewing the Finals Series and promotion and relegation structures within the FQPL pyramid in the SEQ conference. As part of this regular process, we are exploring concepts aimed at strengthening the fan experience, enhancing engagement across competitions, and supporting the long-term commercial sustainability of our leagues.

As these considerations can draw a diverse and extensive range of views from those directly involved, we'd like to ensure we garner feedback from NPL Queensland and FQPL clubs on a range of options that may be considered.

Please note that no alternations are guaranteed to be implemented following this consultation process. Your insights will, however, help us understand the opportunities, challenges and impacts associated with any future considerations, forming an important step in gathering a broad depth of perspectives to inform recommendations moving forward.

We appreciate your time and contribution to shaping the future of our competitions.

End.
